DIRECTOR OF CENTRAL INTELLIGENCE

Steering Group on Monitoring Strategic Arms Limitations

ACIS - 1353/85

29 July 1985

Copy 17 of 17

MEMORANDUM FOR: [] DIA

Mr. Hal Haqemier, SAFSS

[], NSA

[] NPIC

Dr. Lawrence Gershwin, NIO/SP

Mr. Mark Lowenthal, State/PM

FROM: []

Chairman, Strategic Arms Monitoring Working Group

SUBJECT: Satellite Reconnaissance []

1. This memorandum asks for a bit of your assistance. []

2. A few days ago, the DDCI's Executive Assistant asked me to create, and integrate together, a set of talking points for the DDCI to use at a private anniversary on 18 August of US satellite reconnaissance. I agreed to do so, and I promised EA/DDCI that the material we create would represent the views of all of the key portions of US intelligence. []

3. Thus, I solicit your views. I need input from you by COB 1 August. My plan is to produce an integrated set of talking points by Monday next week and thereafter reedit the set with you a number of times prior to delivery to the DDCI on or about 13 August. As a procedural matter, now and during the next several weeks, I believe strongly that our fixes should be on substantive content; not on matters of style and grammar. We want to get the scope and content of these talking points as good as it can be; we will have an editor here at CIA fix the "beauty" part. []

4. If you have any questions, please feel free to call. []
